INDIANA UTILITY  
REGULATORY COMMISSION

**CAUSE NO. 42303**

You are hereby notified that on this date, the Indiana Utility Regulatory Commission has caused the following entry to be made:

The Presiding Officers have reviewed the information filed in this proceeding and have determined that Verizon North Inc. and Contel of the South, Inc. d/b/a Verizon North Systems ("Verizon") should supplement its testimony as necessary to provide a written response to the following questions. Verizon's response should be made part of the record at the Evidentiary Hearing in this Cause:

1. In CF Communication v. FCC, as addressed in IURC Cause 41100, it was determined that LECs should not assess the interstate Subscriber Line Charge (SLC) to Public Payphones. Why are interstate SLCs still assessed to public payphones today?
2. On page 7 of the Direct Testimony of Terry Dye, he indicates the cost studies were filed in Cause No. 40830 to support compliance with the FCC Payphone Orders. Please submit the most current TSLRIC cost studies available indicating direct costs of the payphone services in this case and the percent overhead and resulting rates. Please include the above information for the following services:

Flat rated COPT Line, COPT Coin Line, Usage Monthly Rate, Message Rate, Answer Supervision, Call Screening and International Toll Restriction.

3. What services are included in the monthly "COPT Coin Line" rate (\$31.80), as opposed to the regular flat rate COPT service (\$30.18)?

**IT IS SO ORDERED.**
